

PRESSURE ENDING. MARKET ADVANCED.

Improvement in Prices Late in Day Overcame What Had Been Yielded.

MOVEMENT TO TAKE PROFITS.

Consideration of Yellow Fever Outbreak Had More Force Than Last Week.

(By Associated Press.) NEW YORK, July 31.—Today's stock market had to face the ordeal of profit-taking on last week's advance, which in almost preceding rise in prices. The action of the market, while the progress of digestion was going on, was encouraging, a considerable absorption being effected without serious impairment to prices. After the period of profit-taking of the morning had passed, the trading became dull and interest appeared languid.

There was nothing in the day's news to attract the market immediately, either way, and working out on normal lines of previous steps in the speculation was relied upon to move prices. Industries having to do with the railroad trade, either as producers or consumers of iron, steel, copper, lead, etc., moved in fair accord, the United States steel stock being the most conspicuous.
